

## Microsoft Remote Desktop with Mac

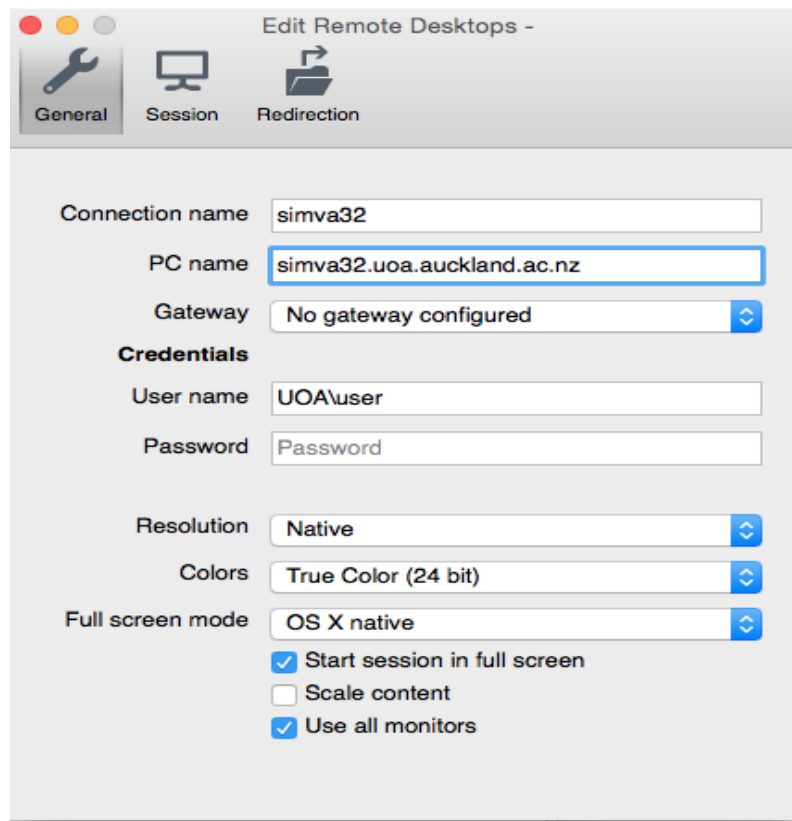

- Installation :
  - from this link :  
<http://www.microsoft.com/enz/download/details.aspx?id=18140>
  - or from App Store by searching “Microsoft Remote Desktop” on the App Store search bar and then click on “Obtenir”

- Set up a connection method on your computer:
  - UoA intranet:
    - wireless : “UoA-Wifi” with your UOA ID and UOA password
    - or
    - Ethernet cable
  - Internet (outside UoA)
    - You will need to install VPN and start a VPN connection before you can use Remote Desktop. Use this Uoa link for instruction on how to obtain and use the VPN client.  
<https://www.auckland.ac.nz/en/for/current-students/cs-current-pg/cs-current-pg-support/vpn.html>
- Open the Microsoft Remote Desktop App and click on the icon “New”

- Complete the parameters with the connection name, the PC name, your UOA ID and UOA password

- Click on "No gateway configured", select "Add Gateway"

- Click on

- Complete the Preferences with the gateway name, the server name, your UOA ID and UOA password.

The screenshot shows a 'Preferences' dialog box with four input fields:

- Gateway name: simva32
- Server: simva32.uoa.auckland.ac.nz
- User name: UOA\user
- Password: Password

- Return to the Edit Remote Desktops page, click on “Gateway” and select “simva32”

The screenshot shows the 'Edit Remote Desktops - simva32' dialog box with the following settings:

- Connection name: simva32
- PC name: simva32.uoa.auckland.ac.nz
- Gateway: simva32 (selected from a dropdown menu)
- Credentials**
  - User name: UOA\user
  - Password: Password
- Resolution: Native (selected from a dropdown menu)
- Colors: True Color (24 bit) (selected from a dropdown menu)
- Full screen mode: OS X native (selected from a dropdown menu)
- Start session in full screen
- Scale content
- Use all monitors

- Return to the main Remote page and click on the server you have configured :  
"simva32.uoa.auckland.ac.nz"
